## GETTING READY for the SAT?

Build your *skills* and your *confidence* with  
B Line Test Prep's *interactive online SAT course*.

### CORE BENEFITS:

1. **Engage your senses** instead of just reading, learn by listening, watching and doing.
2. **Learn from the nation's top tutors** in critical reading, writing and math through audio and video feedback.
3. **Avoid embarrassment** when asking questions in class or with a tutor. By studying online on your own terms, no one needs to know your scores or how long you take except **you**. Master concepts on your own and impress your classmates when you know all the answers.
4. **Master 1200+ vocabulary words** and definitions with our vocabulary review tool.
5. **Practice until you ace it** however long that takes. Re-watch videos and re-take quizzes until you get it right.
6. **Flexible scheduling** lets you move at your own pace, whether you're cramming over the weekend or starting a regular study habit months ahead of time.
7. **Watch yourself improve** with our built-in progress tracking tools. You'll be amazed by how much you can increase your scores.
8. **IT'S ABSOLUTELY FREE!**

### KEY COURSE FEATURES:

1. **Eight full-length timed practice tests** give you all the preparation you need for the real SAT.
2. **Instant feedback** on quizzes helps you identify and fix mistakes right away.
3. **Animated, narrated feedback** help you absorb concepts you may have missed the first time around. See and hear exactly how to arrive at the correct answer step by step.
4. **Review sections** with instant feedback after every question let you identify your areas of weakness early on, without having to sit through an entire test.
5. **Remembers where you left off** so you can pause and resume when **you** want to.
6. **Article library** written by industry professionals to share test-taking strategies, college admission guidelines, loan tips, scholarship information and more to help you succeed.
